Did you know children playing with fire cause hundreds of deaths and injuries each year?

Preschoolers and kindergartners are most likely to start these fires, typically by playing with matches and lighters, and are most likely to die in them.

Each year representatives from **Broward Sheriff Fire Rescue** visit district area elementary schools to promote fire safety and prevention.

This year we are pleased to announce our presentation will include a unique, interactive, fun, educational show for all elementary age children (grades K-5). A visit from our firefighters or tour of the fire truck may also be scheduled, pending availability.
