

PARENT WEEKLY BULLETIN

GROWING GREATNESS, ONE STUDENT AT A TIME

SEPTEMBER , 2024

Greetings Griffin Families,

We are fortunate in South Florida that Helene missed us and we just got the outer bands.

Our hearts go out to the families in Southern US states who suffered massive damage and loss of life.

On Friday, September 27, interims were sent to you via email and the parent portal. To register for the portal – click on the link.

[Parent Portal Registration - Broward County Public Schools \(focusschoolsoftware.com\)](https://focusschoolsoftware.com)

Many parents were confused about the interim report. Only grades 1-5 received them for the first quarter. KG are doing conferences. If there are x in any of the standards or social skills that means, there is a concern. If there is a + it means, there is a concern, but it was already addressed. If it is blank – no concern. Since it addresses only the first 4-5 weeks of school, many areas were left blank. There are 9 weeks in every quarter.

End of first quarter - October 14. Grades will be finalized, and report cards will be issued November 5 via email and the parent portal. It is important we always have your current information on file. Hopefully your cell phone is your primary contact to receive email parent links. I still have about 150 families that do not receive any information because of bad/invalid contact information. If you need to update your information, please contact, Ms. Maria Dunakin in the front office.

Happy New Year to our Jewish Families. Begins October 2 at sundown and ends at nightfall on October 4.

WEEK AT A GLANCE
