SAT/ACT Testing

School Code: 100299

When should I take the SAT or ACT?

Spring of junior year and/or fall of senior year for college admissions. Take both tests because one will be your stronger test.

Why should I take the SAT/ACT test?

The tests are college placement tests. Also, the reading portion of the test can be used in place of the FSA reading requirement for graduation.

How do I sign up?

Go to the website:

SAT - www.collegeboard.org

ACT - www.act.org

Can I test for free?

Yes, if you receive free or reduced lunch. Email colleen.warren@browardschools.com with your name and student number requesting a waiver. You may receive a total of two waivers for the SAT and four waivers for the ACT.

How do I send my SAT/ACT scores to colleges and universities and to the NCAA or NAIA? The ONLY way to send official scores is for you to send them through the testing agency. Official scores are not on your high school transcripts.

The Pell Grant is the primary grant that the federal government provides to students whose family meets the financial need criteria. The maximum Pell Grant for a full-time student is \$6345 for those who qualify. *CSS profile*- More than 400 colleges and universities require the CSS profile in addition to the FAFSA for financial aid. Apply October 1 or later of senior year.

What is a Pell Grant?

LET'S TALK ABOUT

FAFSA

Free Application for Federal Student Aid

Website: www.fafsa.ed.gov

The keyword is free. This is the starting place for need-based financial aid. The Pell Grant, other federal and state grants, work study and student loans are all determined by information from the FAFSA.

The FAFSA form opens on October 1st of each year.

FILE YOUR FAFSA ON
OCTOBER 1ST!

Apply as close after October 1 as you can because once the federal government evaluates the form, they send it to the state to evaluate. The government money doesn't run out, but the state money can so apply early.
