

ABC School and XYZ Company Partner for Student Success

Our students are getting a taste of running a business this year, thanks to a partnership between the school and XYZ Company. The company is providing the school with funding for field trips and employees to coordinate the program.

This month, students had a tour of the company's offices, located at XYZ. They heard presentations about manufacturing, sales and distribution and finance.

Students had prepared a questionnaire for the managers to learn more about their work. Following the visit, students turned the interview questions and answers into a report to describe the company to others.

"I have seen the XYZ Company building before, but I never knew how complicated it is to run their business. I can't wait to learn how they buy the materials to make their products," said DEF, a student in the XX grade.

In future sessions, XYZ Company employees will come to the school to teach classes and get to know our students. They will set up a business corner in a classroom to share ideas with the students and support the teachers. Ms. XXX, company representative said, "Over the course of this year, we will help students understand how their classroom learning is important for their adult lives. We enjoy getting to know the students and encouraging them to achieve their personal best."

If you have questions about school partnerships, please contact Ms. XXX, liaison for partnerships at 555-555-5555.

Partners In Education improves student achievement by cultivating and integrating business, community and school resources for all students in Broward County Public Schools. All Broward County Schools are available for new partnerships. Businesses may make commitments of time, financial resources or other support, based on the need of the school and the type of business.

For information about the program, please contact Nina A. Randall, APR, Executive Director at 754-321-1974 or nrandall@browardschools.com.
