SUBJECT: SOLAR ECLIPSE IMPACT ON FIRST DAY ENROLLMENT COUNT

Due to the potential impact on student enrollment on the first day of school as a result of the solar eclipse, the Demographics & Student Assignments Department (DSA) will report the beginning of school year student enrollment on the second day of school, Tuesday, August 22, 2017. This is to ensure that students, who may not have registered at their school on the first day, are represented in the TERMS student database. Although the published data will represent the first enrollment count for the 2017/18 school year, DSA will footnote all data documents referring to this count with the appropriate date and reason for the change.

If you need additional information please contact **Patrick J. Sipple, Director, Demographics & Student Assignments Department, at 754-321-2480.**
