**SUBJECT: 2017/18 SECOND DAY ENROLLMENT COUNT**

Due to the solar eclipse of August 21, 2017 being designated as an excused absence, and the concern that many students would not yet be registered that day, it was determined that a more accurate representation of beginning-of-year enrollment could be captured on the second day of school, August 22, 2017.

The second day total enrollment count reported **272,812 students** registered in TERMS, the District's student database. This is an increase of **1,590 students** (+0.6%) from the total number of students registered in TERMS on the first day of school last year, August 22, 2016. The enrollment increases occurred at the prekindergarten, middle, and high school levels, and at center schools. Enrollment at District non-charter elementary schools and at charter schools decreased.

This year at District non-charter schools, the enrollment count for the second day of school at all prekindergarten through twelfth grade schools and centers was **228,178**. This number represents an enrollment increase of 1,955 students as compared to the total number of students registered in TERMS on the first day of school last year.

Enrollment decreased at charter schools for the first time since charter schools began operating in Broward County in 1997. The enrollment count at charter schools for the second day of school was **44,634**, a decrease of 365 students from last year's first day count of 44,999. Additionally, 4,461 students who attended charter schools during the 2016/17 school year were enrolled in Broward County non-charter public schools, as of the second day of school of the 2017/18 school year. Two new charter schools opened for the 2017/18 school year, while ten closed since the first day of the 2016/17 school year.

The first day TERMS enrollment count is a good predictor of the District's official benchmark date enrollment, historically being within +/- 1% of that enrollment count. Last year the total number of students at District non-charter and charter schools registered in TERMS on the first day of school was equal to 100.04% percent of the enrollment at the benchmark date. This year, the second day enrollment for all District non-charter and charter schools is equal to 99.9% of the 273,026 students projected to be enrolled on the benchmark date, September 11, 2017.

Attached to this memorandum is the 2017/18 Second Day Enrollment Count for each non-charter school, center, and charter school by grade level. The data supplied is not currently disaggregated for race, ethnicity, English Language Learners (ELL), Exceptional Student Education (ESE), or Free and Reduced Lunch (FRL). This disaggregated data will be available with the official benchmark day enrollment report the week of September 11, 2017.
