DR. LYNCH-WALSH: However, that was the finding of all of those moneys that were misallocated; if I'm not mistaken. MS. DAVIS: I believe that that finding was years prior to that and was resolved.

DR. LYNCH-WALSH: Well, how do we know that it isn't happening again?

MS. DAVIS: I can't -- well, we didn't test it in 2023. The Auditor General would have tested it in 2021 and they did not have any additional findings. DR. LYNCH-WALSH: Okay. And then something that I know that the Chief Auditor at the time wanted to look into but it never got looked into

was the misallocations were fixed, but we still

don't know what those funds got spent on. The

funds that -- whichever school they went to, what have they been spent on? So I think --

MS. DAHL: Or did they recover the money?

DR. LYNCH-WALSH: And then whatever money

MS. SHAW: Madam Chair, I'm okay yielding the single audit, but whether or not it's a single audit or a program audit we do need to have an audit on Title I. 10 years ago, 15 years ago there were not as many Title I schools in this district. We have surpassed that. And for that reason, and even so many others, we have more issues and I think it needs to be looked upon. DR. LYNCH-WALSH: And then it would also get to Mr. Turso's concern. Because, while, no, you're never going to have the time and the resources to sit there and pick through every check, you could sample. Right. Sample. I | 1Arcese has just shown it to me and we can carve2it out and send it to the committee. It dates3back to 2017.4DR. LYNCH-WALSH: Was there one short5recommendation? Because it was essentially to6give the money to the schools that were supposed7to have it as it was supposed to be allocated.8If it's too long, then, no, but9MR. JABOUIN: Well, so this is just a portion10of it, but I do see the recommendation that the11District should enhance its procedure to ensure12that Title I school wide program resources are13properly allocated to schools. And, in addition,14the District should provide documentation to the15grantor supporting the availability of the16questioned cost totalling of \$22,993,453 or17restore the amount to the Title I program. So18this is just a portion of it from 2017 and I've19indicated that we can send that to the committee.20DR. LYNCH-WALSH: Right.21MR. JABOUIN: Also, Title I is on the22long-range audit plan. | 8 | MS. FERTIG: Nobody else wants to talk about. | 8 | MS. FERTIG: for a period of for a |
| 9 | DR. LYNCH-WALSH: Mr. Turso? | 9 | lengthy period of time. |
| 10 | MR. TURSO: So it's done every three years, | 10 | DR. LYNCH-WALSH: Right. But to Mr. Turso's |
| 11 | so we're going to be doing one in the coming | 11 | point, we don't know if, you know, new people |

| 15 | MS. DAVIS: They only cover the year under | 15 | That's just a there is a lot of follow-up once |

| 3 | DR. LYNCH-WALSH: Yeah, I'm looking at | 3 | get too far into the survey because that's not |
| 4 | MR. KINCAID: of the report. And that | 4 | the most important thing. |
| 5 | again, what's there on pages 5 is an executive | 5 | MR. MENZUL: Right. Right. It's not it's |
| 6 | summary. The details of that is within item | 6 | not an objective measure and, you know, this |
| 7 | number 18, which is on pages 37 and 38. And so | 7 | could be sent internally, which is what I was |
| 8 | it more deeply describes the instances of the | 8 | going to say. Big-picture-wise I think |
| 9 | response rate, what schools of the traditional | 9 | purchasing should be centralized for this. And |
| 10 | high schools did or did not respond, same with | 10 | when I look at, for example, when I start with |

| 15 | positive comments or any comments whatsoever. | 15 | MR. MENZUL: Oh, I'm back to findings. |
| 16 | And those comments are summarized on page 37 and | 16 | Because I'd like to move to end discussion on the |

| 18 | DR. LYNCH-WALSH: Those are the exact pages I | 18 | DR. LYNCH-WALSH: Okay. I wasn't sure where |
| 19 | have open right now. But my question is, so | 19 | you were going. Yeah, yeah, yeah. No, like l |
| 20 | but is the instrument, the survey, included in | 20 | said, the survey, it definitely if they're |
| 21 | the backup to the audit? | 21 | going to be doing surveys, and the reason I bring |
| 22 | MR. KINCAID: It is not, but we can certainly | 22 | this up is that, dislodging the former vendor out |
| 23 | send that out if that is requested. | 23 | of the District was it was a task. So there |
| 24 | DR. LYNCH-WALSH: Okay. This more goes to in | 24 | were people that had longstanding relationships |

| 2 | know if anyone wants to see the questionnaire. I | 2 | survey almost sounds like they were hoping to |
| 3 | could certainly suggest improvements in terms of | 3 | find problems with Jostens and hoping that the |
| 4 | customer satisfaction surveys. I'll let Mr. | 4 | audit, itself, would find problems. And that |
| 5 | Jabouin make a comment, then Mr. Menzul. | 5 | isn't the case in those findings. So but to |
| 6 | MR. JABOUIN: I wanted to mention that I went | 6 | make sure that the any further surveys are not |
| 7 | over these results with the cabinet and I also | 7 | designed in such a way to potentially, you know, |
| 8 | went over them with the principals, as well. | 8 | get a bias, get biassed responses. |
| 9 | Because the results were initially surprising | 9 | So that's all I wanted to say there. |
| 10 | that they were this favorable, but | 10 | Okay. So you're on page 5? |
| 11 | DR. LYNCH-WALSH: To who? | 11 | MR. MENZUL: Yes. Question 5, so when I'm |
| 12 | MR. JABOUIN: Well, to me, given some of the | 12 | reading this |
| 13 | comments that have been made that when the | 13 | DR. LYNCH-WALSH: Wait. Page or question? |
| 13 | results came out like this they were rather | 14 | MR. MENZUL: Page 4, question 5. Purchasing, |
| 14 | surprising. But I went over them with the | 14 | slash, Receiving of goods and services prior to |
| 16 | cabinet and principals because it's that | 16 | obtaining purchase orders. Now, this might sound |
| 10 | information is valuable to the District's | 17 | a little pedantic, but when I'm reading this |
| 17 | management on that end. | 17 | question, there were several instances where |
| 18 | DR. LYNCH-WALSH: Not when it's this | 18 | goods, slash, services related to agreement |
| 20 | simplistic. | | FY22-204 were ordered and received prior to |
| | Mr. Menzul. | 20 | obtaining the requisite purchase order. Well, |
| 21 | MR. MENZUL: Yes, I agree this is so | 21 | from a procurement perspective, they were not |
| 22 | surveys we should be doing them, but they | 22 | ordered if there's no purchase order. So what |
| 23 | should be internal and this isn't really a best | 23 | that should really say is the vendors sent things |
| | | | |
| | practice. However, I do have several questions, | | that weren't goods, slash, services that were |
| 25 | practice. However, I do have several questions, because when we look at the survey and you look | 25 | not ordered. So the question is, why were they |

| 5 | DR. LYNCH-WALSH: Hold on. Yeah, no, you're | 5 | like additional findings and they're not always |
| 6 | not wrong, but I think there's some additional | 6 | right next to the observation. I was sort of |

| 12 | some of the findings in here, and we don't expect | 12 | MR. MENZUL: Right. Well, I was told that I |
| 13 | to see them next year. If they pop up next year, | 13 | have to go back to 1. |
| 14 | then there's cause for concern. But there are | 14 | MS. IGHODARO: I know. But if there if no |

| 15 | So that's why you're seeing things. But you're | 15 | DR. LYNCH-WALSH: That's why I want to |

DE MEO: You know, this isn't really brain surgery. This is ordering caps and gowns. | 18 19 20 21 22 23 | MRS. MARTE: Thank you, Madam Chair. So, certainly, to codify a document that offers clarity to me makes a great deal of sense, but we're using the word policy. Policy's adopted by the school board. Is the committee looking for a policy on how to order caps and gowns? |

| 1 | ordering caps, gowns. | ¹ policy. I'm just looking for an SOP. Because, |
| 2 | MRS. MARTE: And you want a policy that says | ² again, I'm hearing that there's nothing in |
| 3 | they have to follow a procedure? | ³ writing where, Madam Principal or Mr. Principal, |
| 4 | DR. LYNCH-WALSH: Yeah. | ⁴ here's your here's your process of what you |
| 5 | MRS. MARTE: Okay. I just I mean, because | ⁵ can do, what you have autonomy on, what you |
| 6 | we do SOPs and business practice bulletins all | ⁶ don't, what's required. And this way everybody |
| 7 | the time to offer clarity to schools and to the | ⁷ is on the same page. The finance of it, the |
| 8 | departments on how we should operate. I will | ⁸ procurement of it, all that stuff, will get done |
| 9 | have to review I mean, certainly, the | ⁹ some way. But this is more of so that, you know, |
| 10 | committee motion can be what the committee motion | ¹⁰ a principal gets into place, whether they've been |
| 11 | is, but this is not typically something that | ¹¹ there for 10 years or whatever, they could say, |
| 12 | would elevate to policy. We have a procurement | ¹² this is the way I do it. I used to call up the |
| 13 | policy. | ¹³ guy and say, hey, by the way, can you send me |
| 14 | DR. LYNCH-WALSH: Yes, we do. And so let me | ¹⁴ five medallions and he's like, yeah, we'll bill |
| 15 | give you an example real quick. | ¹⁵ you later. If it's not part of the internal |
| 16 | MS. SHAW: No, no, no, may I? | ¹⁶ control process, that's where, to me, this has |
| 17 | DR. LYNCH-WALSH: Yes. | ¹⁷ been the problem. So |
| 18 | MS. SHAW: That's great. But my question is, | ¹⁸ DR. LYNCH-WALSH: Okay. And the motion the |
| 19 | since this has been up in the last few years have | ¹⁹ way it stands is fine, because you have policy. |
| 20 | we put an SOP or a process in place to address | ²⁰ And it could be a line in the purchasing policy. |
| 21 | this? And can I see it? Because if there's not, | ²¹ All purchases of caps, gowns and other graduation |
| 22 | then I want a policy. | regalia will be made will be made in will |
| 23 | DR. LYNCH-WALSH: Well, either way I think | ²³ conform to the whatever manual. So you're |
| 24 | we the motion is on the floor. | ²⁴ directing them. It's in policy. So you have a |
| 25 | MR. MAYERSOHN: Can we let Mary go and | ²⁵ policy you can enforce, you reference the manual. |
| | | |
| | Page 118 | Page 120 |
| 1 | then | ¹ Just like when it comes to P-cards in Miami-Dade, |
| 2 | DR. LYNCH-WALSH: Yes, Mary, and we really | ² there's, actually actually, there's even a |
| 3 | must move this along if everybody wants to get | ³ P-card policy and manual in Miami-Dade and it's |
| 4 | out of here. And I heard with 1:00 is our hard | ⁴ referenced in the purchasing policy in |
| 5 | stop. | Miami-Dade. So that's all this motion is. |
| 6 | MS. DAHL: No, not 1:00. | ⁶ So before somebody says, call the question, |
| 7 | DR. LYNCH-WALSH: I know your hard stop is | ⁷ are we good on discussion so we can vote? |
| 8 | before that, but we've got to get through a | MR. MENZUL: Sorry, Madam Chair. On page 3 |
| 9 | couple more of these. | ⁹ and 4, you know, we're talking about additional |
| 10 | All right. Mary? | ¹⁰ policies, but it looks like these observations, |
| 11 | MS. FERTIG: Yes, I just want to comment that | ¹¹ and it says the estimated completion dates are |
| 12 | I think we're over thinking I think we're over | ¹² November 2024 for most of them and December 2023, |
| 13 | talking or over thinking this. It's a simple | ¹³ so, you know, we have the graduation coming up in |
| 14 | motion, put a process in place, is, basically, | ¹⁴ May or June. |
| 15 | how I'm thinking what she said. This has been | ¹⁵ DR. LYNCH-WALSH: Right. This is strictly on |
| 16 | high profile now for two and a half years, maybe | ¹⁶ the policy that Ms. Shaw amended. |
| 17 | longer. So I you know, I think putting the | ¹⁷ MR. MENZUL: But it looks like some of these |
| 18 | process in place and having everybody agree on | ¹⁸ do get into this, right, in terms of insufficient |
| 19 | it, and that to me, it's fine if the board agrees | ¹⁹ review of purchase orders. |
| 20 | on it, because that really should be the way it | ²⁰ DR. LYNCH-WALSH: Right. But there isn't |
| 21 | is. Let's just do it. Let's just move forward, | ²¹ on this particular issue there is it's not |
| 22 | get this done and get to the next item. | ²² mentioned in a policy, what schools do, it's |
| 23 | DR. LYNCH-WALSH: Okay. All right. Good. | ²³ not there are no procedures despite everything |
| 24 | MR. MAYERSOHN: Just to and to Ms. Marte's | there are no proceedings despite everything that we just went through. So that's what the |
| 25 | point, I'm not looking I'm not looking for a | ²⁵ motion is about. |

| 1 | want to make sure, again, as part of the | 1 | DR. LYNCH-WALSH: Well it's not too late. |
| 2 | education and inform process, that the audit | 2 | He can make a motion. It's just that the |
| 3 | committee know we are in the process of updating | 3 | discussion wasn't necessarily on Great Plains. |
| 4 | these standard practice bulletins, many of which | 4 | MR. MENZUL: But it's tied my point is |
| 5 | have not been updated for 20-plus years. So we | 5 | DR. LYNCH-WALSH: So let's hear it. Let's |
| 6 | are working on a collaborative process to do that | 6 | hear it. |
| 7 | now. And it actually begins on Monday. | 7 | MR. MENZUL: So I'd like to move I move to |
| 8 | So I mention that to caution you against | 8 | essentially so Great Plains has this |
| 9 | printing them or saving them on your hard drive, | 9 | functionality where you can create a custom |
| 10 | because as they are updated and approved, they | 10 | approval process you know, custom workflow so |
| 11 | will update on the link. So I just want to make | 11 | that would fix the issue stated with the \$5,000 |
| 12 | sure that, you know, inadvertently you don't | 12 | purchase in the dynamics platform. |
| 13 | download them and then find yourself with an | 13 | DR. LYNCH-WALSH: I don't know that it would |
| 14 | outdated version. | 14 | fix it in the context of what occurred. I think |
| 15 | DR. LYNCH-WALSH: And would we know they're | 15 | you really need to nobody's disagreeing that |
| 16 | outdated because there's dates on them? | 16 | that exists and that would fix a problem, but you |
| 17 | MR. SMITH: Some of them currently have | 17 | have to fully understand the manual processes and |
| 18 | dates. The new format that we will move to will | 18 | how things actually work here, which are 1992, |
| 19 | easily identify the date of revision, the date | 19 | often, at best. So you're proposing a 21st |
| 20 | that was or that preceded it, as well as any | 20 | century solution to a process that is still in |
| 21 | policies enuring to it. | 21 | the '90s. |
| 22 | DR. LYNCH-WALSH: Okay. So then I would | 22 | MR. MENZUL: Well, Mr. Smith said he is |
| 23 | suggest that there is nobody I'm familiar with on | 23 | updating. You know, they are working on that |
| 24 | this committee that would get confused as to | 24 | piece. |
| 25 | whether or not they have the most updated | 25 | MR. MAYERSOHN: Right. I would I would |
| | | | |
| | Page 178 | | Page 180 |
| 1 | version, if there's dates. Because, | 1 | just yeah, I would just share with you, I have |
| 2 | systemically, throughout the District dates in | 2 | utmost confidence in Dr. Phillips in implementing |
| 3 | footers are not a thing. | 3 | these technology changes. So if he doesn't get |
| 4 | And if you could not use the words educate | 4 | it done in the next 12 days, you know, then |
| 5 | and inform, it's kind of it's not sitting well | 5 | MS. SHAW: I was thinking six and hold him to |
| 6 | with me, actually. It kind of goes the other | 6 | the fire. |
| 7 | way, usually. | 7 | DR. LYNCH-WALSH: Right. By February 8th, if |
| 8 | All right. So that was we transmitted | 8 | it's not done |
| 9 | 10 | 9 | MR. MAYERSOHN: Right. He can come back and |
| 10 | MR. JABOUIN: Chief Auditor Resignation next. | 10 | report to us continuously, you know, where things |
| 11 | DR. LYNCH-WALSH: Okay. Since everybody's | 11 | are at. So, I have |
| 12 | got to leave | 12 | MR. MENZUL: He doesn't have to do it like |
| 13 | MR. MAYERSOHN: Well, we're not voting. We | 13 | this second. |
| 14 | don't vote on anything; do we? | 14 | MR. MAYERSOHN: But it's more of a broader |
| 15 | MS. FERTIG: Nathalie, can I just jump in? I | 15 | DR. LYNCH-WALSH: Right. But to your point |
| 16 | think somebody was making a motion earlier that | 16 | right, but to your point, you wanted, you're |
| 17 | we be involved in the interview process. I would | 17 | saying there's a workflow. I mean, it doesn't |
| 18 | like to make it broader to the process. | 18 | hurt to pass a motion. |
| 19 | MR. MENZUL: I was making that. But also I | 19 | MS. CARTER-LYNCH: May I jump in here and say |
| 20 | drew up something for I guess we kind of is | 20 | something real quick? |
| 21 | | 21 | 5 |
| 22 | it too late to go back to just add a small | 22 | DR. LYNCH-WALSH: Right. We're going to get |
| 23 | motion? DR. LYNCH-WALSH: On what item? | 23 | into the weeds of something that we don't even |
| 24 | MR. MENZUL: To the discussion on the Great | 24 | know, and we have a big thing, which is the |
| 25 | Plains. | 25 | resignation. MS. CARTER-LYNCH: And that's what I would |

| 2 | like for us to | 2 | broad, and then on the 8th, because that's not |
| 3 | MS. FERTIG: Yes, if we could move on to | 3 | too far from now, we can get more specific. And |
| 4 | that, because I'm afraid we're going to lose | 4 | then bring it back on the 29th even if we're just |
| 5 | everybody at 1:00 and then DR. LYNCH-WALSH: And we have to be done. | 5 | doing consensus because we can't vote at that |
| 6 | | 6 | meeting. Does that make sense? |
| 7 | Because I keep getting whispers in my right ear about | 7 | MS. FERTIG: Yeah, I would just like to get |
| 8 | | 8 | something broad on the record and then we can work with it. |
| 9 | MS. CARTER-LYNCH: I've just got one thing to say. Okay? And I'm just going to jump in here. | 9 | DR. LYNCH-WALSH: Yeah, so broad would be |
| 10 | Please, please, can we stop getting in the weeds | 10 | having the audit committee involved in the chief |
| 11 | for everything that we talk about? | 11 | auditor selection process. |
| 12 | DR. LYNCH-WALSH: Right. So, okay. Back to | 12 | MS. FERTIG: Right. And it's like eight |
| 13 | the motion that did have to do with what we were | 13 | minutes to one, so |
| 14 | talking about, and Mary wanted it broader, to be | 14 | DR. LYNCH-WALSH: Right. Pavel, is that |
| 15 | the selection process? | 15 | acceptable? |
| 16 | MS. FERTIG: Yeah, I don't know that at this | 16 | MR. JABOUIN: So we moved that the audit |
| 17 | juncture I mean, I think if we could put the | 17 | committee be involved in the chief auditor |
| 18 | interviewer's office or whatever, but for whoever | 18 | selection process. That's the wording. |
| 19 | was making the motion, I was just going to ask | 19 | DR. LYNCH-WALSH: Selection process. |
| 20 | that we be involved in the process. And then I'm | 20 | MR. TURSO: I have a question. Being |
| 21 | sure you all will have some great thoughts and I | 21 | involved can be kind of narrow. Is there a way |
| 22 | will want to chime in with whatever motion you | 22 | that we can ensure that we're a little more |
| 23 | come up with. | 23 | than because being involved |
| 24 | DR. LYNCH-WALSH: So do you want to | 24 | DR. LYNCH-WALSH: It's broad, but we don't |
| 25 | substitute the word selection for interview, | 25 | have we don't have we have seven minutes |
