

Policy 5.8: Code of Student Conduct
School Years 2022-23 through 2024-2025

GUIDING PRINCIPLES AND PARENTAL RIGHTS

Broward County Public Schools firmly believes a positive school culture promotes equal educational opportunity and establishes the framework for a safe learning environment. The Code of Student Conduct is comprised of a set of policies, rules, and laws by which order is established and maintained for the benefit of all. Discipline within a school must have the qualities of objectivity, consistency and equity. Parents have a fundamental right to direct the upbringing, moral or religious training, education, and care of their children. However, it is the responsibility of all school personnel, students, parents, external stakeholders and the greater community to ensure the school environment encourages a climate conducive to learning.

The Code of Student Conduct is intended to be an instructive policy based on interventions and supports for students. However, when consequences are warranted, they shall be implemented based on a system of progressive discipline. Minor incidents and first offenses have less serious consequences than major incidents and repeat offenses. Factors such as age, grade level, social, emotional and intellectual development, and overall student rights and responsibilities shall also be considered. Disciplinary issues will be resolved by every means possible prior to exclusion from school. Equitable and reasonable procedures will be followed to assure students of their rights.

Broward County Public Schools promotes parental involvement in schools and expects all stakeholders to demonstrate mutual respect for the rights of others. It is expected that all involved in teaching and learning fully accept their responsibilities to model and practice the Character Traits - Responsibility, Citizenship, Kindness, Honesty, Self-Control, Tolerance, Respect and Cooperation.

Pursuant to F.S. §1014.05, schools will promote parental involvement and work collaboratively with parents to improve parent and teacher cooperation in such areas as homework, school attendance, and discipline, so they can help their child succeed in school. Important information relating to a child should not be withheld, either inadvertently or purposefully, from his/her parent, including information relating to the child's health, well-being, and education, while the child is in the custody of the school district. PARENTAL RIGHTS

School Safety

Parents of public-school students have a right to access school safety and discipline (School Environmental Safety Incident Reporting (SESIR) incidents as reported pursuant to s. 1006.07(9) and to receive timely notification of threats, unlawful acts, and significant emergencies pursuant to s. 1006.07(4) and (7) and the following unlawful acts or significant emergencies that occur on school grounds, during school transportation, or during school-sponsored activities:

1. Weapons possession or use when there is intended harm toward another person, hostage, and active assailant situations.
2. Murder, homicide, or manslaughter.
3. Sex offenses, including rape, sexual assault, or sexual misconduct with a student by school personnel.

4. Natural emergencies, including hurricanes, tornadoes, and severe storms.
5. Exposure as a result of a manmade emergency.

Involuntary Examinations and Mental Health

The Superintendent will annually report to the Florida Department of Education the number of involuntary examinations, as defined in s. 394.455, which are initiated at a school, on school transportation, or at a school sponsored activity.

Parents of public-school students have a right to a reasonable attempt of notification from the school principal/designee before a student is removed from school, transportation, or a school-sponsored activity and taken to a receiving facility for an involuntary examination pursuant to s. 394.463. A reasonable attempt to notify” means the exercise of reasonable diligence and care by the principal/designee to make contact with the student’s parent, guardian, or other known emergency contact whom the student’s parent or guardian has authorized to receive notification of an involuntary examination. At a minimum, the principal/designee must take the following actions:

- Use available methods of communication to contact the student’s parent, guardian, or other known emergency contact, including but not limited to, telephone calls, text messages, e-mails, and voice mail messages following the decision to initiate an involuntary examination of the student.
- Document the method and number of attempts made to contact the student’s parent, guardian, or other known emergency contact, and the outcome of each attempt. A principal/designee who successfully notifies any other known emergency contact may share only the information necessary to alert such contact that the parent or caregiver must be contacted. All such information must be in compliance with federal and state law.
- A principal/designee who successfully notifies any other known emergency contact may share only the information necessary to alert such contact that the parent or caregiver must be contacted. All such information must be in compliance with federal and state law.
- The principal/designee may delay the required notification for no more than 24 hours after the student is removed if:
 - the principal/designee deems the delay to be in the student’s best interest and if a report has been submitted to the central abuse hotline, pursuant to s. 39.201, based upon knowledge or suspicion of abuse, abandonment, or neglect; or
 - the principal/designee reasonably believes that such delay is necessary to avoid jeopardizing the health and safety of the student.
- Before a principal/designee contacts a law enforcement officer, he or she must verify that de-escalation strategies have been utilized and outreach to a mobile response team has been initiated unless the principal/designee reasonably believes that any delay in removing the student will increase the likelihood of harm to the student or others. This requirement does not supersede the authority of a law enforcement officer to act under s. 394.463.
- In a student crisis situation, the law enforcement officer must make a reasonable attempt to contact a mental health professional who may initiate an involuntary examination pursuant to s. 394.463, unless the child poses an imminent danger to themselves or others, before initiating an involuntary examination pursuant to s. 394.463. Such contact may be in person or using telehealth as defined in s. 456.47. The mental health professional may be available to the school district either by contracts or interagency agreements with the managing entity, one or more local community behavioral health providers, or the local mobile response team or be a direct or contracted school district employee.

In accordance with the Mental Health Assistance Allocation, the District will establish or expand a plan to provide school-based mental health care; train educators and other school staff in detecting and responding to mental health issues; and connect children, youth, and families who may experience behavioral health issues with appropriate services.

The District's Mental Health Plan will be focused on a multitiered system of supports to deliver evidence-based mental health care assessment, diagnosis, intervention, treatment, and recovery services to students with one or more mental health or co-occurring substance abuse diagnoses and to students at high risk of such diagnoses.

The District will enter into contracts or interagency agreements with one or more local community behavioral health providers or providers of Community Action Team services to provide a behavioral health staff presence and services at district schools. Services may include, but are not limited to, mental health screenings and assessments, individual counseling, family counseling, group counseling, psychiatric or psychological services, trauma-informed care, mobile crisis services, and behavior modification. These behavioral health services may be provided on or off the school campus and may be supplemented by telehealth.

Contracts or interagency agreements with service providers, will ensure that students who are referred to a school-based or community-based mental health service provider for mental health screening for the identification of mental health concerns and assessment of students at risk for mental health disorders occurs within 15 days of referral. School-based mental health services must be initiated within 15 days after identification and assessment, and support by community-based mental health service providers for students who are referred for community-based mental health services must be initiated within 30 days after the school or district makes a referral.

INTRODUCTION

SECTION A

In order for teaching and learning to take place, a safe and secure school environment is essential. This policy provides specific information on the rules that all students are expected to adhere to, as well as consequences for violations of these rules. The rules apply to all activities occurring on the grounds or other sites being used for such activities and on any vehicle authorized to transport students to and from school, and other activities and various school functions. The School Board is **not** responsible for students, their conduct and activities, when attending non-school sponsored activities.

SECTION B

Florida law supports the active involvement of parents until the student graduates from school (F.S. §§743.07, 1003.24, 1003.21). It is presumed that students are dependent students (as defined by FERPA 34 C.F.R §99.31(a)(8) and by Internal Revenue Code §152). Parents will be notified that when a student reaches the age of majority (18 years of age), the parent shall continue to perform the parental functions of a dependent student, including, but not limited to, provide excusal of absences and tardiness, permission slips for early release, field trips, other activities, as necessary, and to register or terminate (withdraw) school enrollment, until the student graduates, except under the following circumstances:

1. The student has been emancipated in compliance with Florida laws, (F.S. §743.015) which provides the procedures for a court to remove the "disabilities of nonage" upon the filing of the appropriate papers and making the appropriate showing to the court;
2. When the student has no parent and this fact is verified by the school administrator (e.g., by

- communications with relatives, the Homeless Education Program, or the Florida Department of Children and Families, as is appropriate); or
3. The student has submitted specific and acceptable documentation (such as rental agreement, lease, etc.) to establish that he or she is independent of his/her parents and that the presumption of dependency does not apply to him or her
 - 4.

SECTION I - ATTENDANCE

The parent of a child of compulsory school age is responsible for the child's daily school attendance (F.S. §1003.24). School staff, parents, students, and appropriate state agencies are expected to work together to ensure that laws are obeyed including, but not limited to, referral to the state designated agency for possible court action for extended absence or truancy (F.S. §1003.27). SB Policy 5.5 outlines the rules that apply to attendance and attendance procedures. You may view this policy and all School Board policies on the Web at <http://www.broward.k12.fl.us/sbbcpolicies/docs/Policy%205.5.pdf> Florida law supports the active involvement of parents* until the student graduates from school (F.S. §743.07, 1003.26, 1003.21). This serves as notice to the parent, that when a student reaches the age of majority (18 years of age) the parent shall continue to perform the parental functions of a dependent student, including, but not limited to, provide reasons for absences and tardiness, permission slips for early release, field trips, other activities, as necessary, and to register or terminate (withdraw) school enrollment, until the student graduates, except as indicated in Section B above.

*When the term "parent" is used, it also refers to either or both parents, any guardian of a student, surrogate or any person in a parental relationship to a student or any person exercising supervisory authority over a student in place of a parent F.S. §1000.21(5).

A student's presence in class is required to maximize the attainment of instructional objectives. For students who demonstrate patterns of non-attendance, interventions may be recommended.

Rights	Responsibilities
<p>Students have a right to know how the District defines and handles excused absences, unexcused absences, and tardiness. The District's <i>Discipline Matrix</i> that assigns specific consequences for misbehavior is part of the school's discipline plan. The <i>Discipline Matrix</i>, attached hereto as Appendix A, is hereby made part of this Code of Student Conduct. The Discipline Matrix sets forth the guidelines for assessing consequences for violations of School Board policies. School principals have the discretion to deviate from these guidelines by assessing an appropriate consequence other than stated in the Matrix if he or she determines in his or her sole discretion that there are mitigating or aggravating circumstances. Principals may deviate by one level when applying consequences per the Discipline Matrix, except for substance related and mandatory expulsion incidents.</p> <p>Under Florida law, the Superintendent of Schools/designee shall have the authority to assign, provide for the proper placement, and govern students so as to promote the safety and welfare of all students and school personnel (F.S. §§1001.41, 1001.42, 1001.51(24), 1003.31, 1003.32 and 1006.08).</p> <p>Students have a right to make-up work they missed during an absence or suspension.</p> <p>Students who are married, are parents, or are expectant mothers have a right to remain in the regular school program or to attend a special program designed to meet their needs.</p> <p>Students have a right to be protected from exposure to communicable diseases and infestations when in school.</p>	<p>Students have a responsibility to attend all classes.</p> <p>Students have a responsibility to be on time for school and all classes.</p> <p>Students have a responsibility to ask their parents to notify the school when they are absent.</p> <p>Students have a responsibility to ask teachers for, and to complete make-up assignments, in accordance with the guidelines from the Make-Up Work (see Policy 6000.1: Student Progression Plan at http://www.broward.k12.fl.us/sbbcpolicies/docs/Policy%206000_1-Student_Progression_Plan_2019-2020.pdf).</p> <p>Students have a responsibility to get medical advice and/or counseling about how to adjust their schooling for marriage, pregnancy, and parenthood.</p> <p>Students having, or suspected of having, a communicable disease are not allowed to attend school. In order to return to school, parents must obtain a doctor's note stating that the student is no longer contagious. Chickenpox is the only infectious disease that does not require a doctor's note.</p>

RULE - The School Board of Broward County, Florida stresses the importance that all students attend school regularly and remain in school until they graduate from high school. However, “a child who attains the age of 16 years [or age specified by state statute, whichever is older] during the school year is not subject to compulsory school attendance beyond the date upon which he or she attains that age if the child files a formal declaration of intent to terminate school enrollment with the District’s School Board. The declaration must acknowledge that terminating school enrollment is likely to reduce earning potential and must be signed by the child and the child’s parent. The school district must notify the child’s parent of receipt of the child’s declaration of intent to terminate school enrollment” (F.S. §1003.21). *Declaration of Intent Forms* are available at each school’s administration office. Also be aware that students who drop out of school are not eligible to receive a driver’s license or driver’s permit or will have their license or permit revoked (F.S. §322.091).

NON-ATTENDANCE AND EARLY SIGNS OF TRUANCY

IT IS IMPORTANT TO BE IN SCHOOL EVERY DAY. If your child is not in school, he or she MAY BE showing early signs of truancy through a pattern of non-attendance (SB Policy 5.5).

WHAT IS A PATTERN OF NON-ATTENDANCE?

A student *may* be establishing a pattern of non-attendance when he or she has an accumulation of tardiness, early sign-outs, and/or unexcused absences that exceed 5 school days in one marking period or 10 school days in 2 marking periods. If the child study/collaborative problem-solving team finds that a pattern of non-attendance is developing, whether the absences are excused or not, a meeting with the parent must be scheduled to identify potential remedies (F.S. §1003.26(1)(b)).

A student may be identified as an “habitual truant” if he or she has 15 unexcused absences within 90 school calendar days with or without the knowledge or justifiable consent of the child's parent, is subject to compulsory school attendance under F.S. §1003.21(1) and (2)(a) and is not exempt under F.S. §1003.21(3) or §1003.24, or by meeting the criteria for any other exemption specified by law or rules of the State Board of Education (F.S. §1003.01(8)).

Parents and students may verify absences at any time at school or at home by contacting the school or by accessing electronic attendance records through Pinnacle.

If after an accumulation of absences as noted above, the principal and/or his designee determines that the reasons for time out of school are invalid, the principal/designee shall refer the student to Collaborative Problem-Solving Team to determine if early patterns of truancy are developing and provide appropriate interventions (F.S. §1003.26(1)(b)), and/or the State Attorney’s Office will be notified due to non-compliance with compulsory school attendance laws. However, if the principal and/or designee determine that the reasons for the absences are valid and there are no early signs of truancy, the parent must provide a note (to be kept on file at the school) that provides the reasons for those absences. No further action will be taken.

REPORTING AN EXCUSED ABSENCE

Parents can find absence reporting options on each traditional school’s website. On the website, under CONTACT, select “REPORT AN ABSENCE” where parents can choose their preferred absence reporting method:

- Online Form: Submit an online form that will provide a confirmation email that includes the date

- and time of submission
- Voicemail
- Handwritten note from parent delivered to the front office

An absence report must come from a parent and give the date(s) of the absence(s) and the reason for the absence(s). Parents **MUST** report these absences within two (2) school days, although school principals **MAY** make exceptions in cases of need. School staff members have a legal right to ask for a written medical excuse ([F.S. §1003.24\(4\)](#)).

For High School Only, absences for shared-time students must be reported to both schools.

For Elementary Only, the Broward Truancy Intervention Program (BTIP) is a partnership between the Broward State Attorney's Office and the School Board of Broward County. The program is designed to prevent excessive absences through parent notification and accountability, school interventions, and daily monitoring of attendance. Parents are expected to communicate with school personnel regarding absences. Parents who do not comply are referred to the State Attorney's Office for failure to comply with F.S. §1003.27 which provides that a parent commits a misdemeanor of the second degree, punishable as provided by law, if the parent refuses or fails to have a child attend school regularly or refuses to participate in meetings concerning the child's truancy.

EXCUSED ABSENCE CRITERIA

Students must be in school. However, when it is necessary to be out of school, absences may be excused for one of the reasons listed below. (Students on field trips, in internal suspension or attending alternative-to-suspension programs are considered present). **Parents must report the absence within 2 school days of the absence, or the absence will be considered unexcused.** Any absence is unexcused until the school's attendance clerk receives a notification from the parent to excuse the absence (refer to section "Reporting an Excused Absence"). **A reason for the absence must be provided and absences can only be excused for one of the eight School Board allowed reasons for absences.** Some situations will require written documentation from a private physician or public health unit. Excused absences include:

1. Illness. Parents should obtain a copy of the Hospital/Homebound referral packet from the Hospital/Homebound contact person at the school if their child is expected to miss at least 15 school days due to illness, a medical condition, for social/emotional reasons, or who would miss excessive days intermittently throughout the school year for the same reasons and could benefit from supplemental instruction.
2. Illness of an immediate family member
3. Death in the family
4. Religious holidays of the student's specific faith
5. Required court appearance or subpoena by a law enforcement agency
6. Special event. Examples of special events include important public functions, education enrichment activities, conferences, state/national competitions, college/university campus tour/visit, as well as exceptional cases of family need
7. Scheduled doctor, dentist appointments, or treatment for autism spectrum disorder by a licensed health care practitioner or certified behavior analyst (F.S. §1003.21(2)(b))

8. Students having or suspected of having a communicable disease or infestation that can be transmitted are to be excluded from school and are not allowed to return to school until they no longer present a health hazard (F.S. § 1003.22). Examples of communicable diseases and infestations include, but are not limited to, fleas, head lice, ringworm, impetigo, and scabies. Students are allowed a maximum of five (5) school days excused absence for each infestation of head lice

Note: Students on field trips, students who attend alternative-to-suspension programs, or in-school suspension programs are not considered absent.

UNEXCUSED ABSENCES

It is the responsibility of the school principal to ensure that parents are contacted after each unexcused absence and to ensure that there are specific, appropriate interventions as a result of each unexcused absence. Parents may receive letters to inform them of their student's unexcused absences. These letters are generated from official attendance records.

1. Absences are excused only for the reasons previously listed. If absences are not excused, as defined in the previous section, the absences are considered unexcused. **This does not apply to suspensions**
2. Students without a completed Certificate of Immunization indicating compliance with the current required schedule of immunizations will not be allowed to attend classes until the certificate is provided or a waiver is obtained. Students who receive the first shot in a series of immunizations but who are late obtaining subsequent shots will be given 3 school days grace period after which they will be excluded from school and the resulting absences will be considered unexcused
3. **For Secondary Only**, students 14-18 years of age who drop out of school or who have 15 unexcused absences within 90 school calendar days and have a driver's license or driver's permit will have their driving privileges suspended by the Division of Highway Safety and Motor Vehicles or will not be issued a license or permit if they apply for one. Additional information about procedures and waivers is available from school administration or guidance offices

SUSPENSIONS

1. Students who have been assigned an out-of-school suspension and choose not to participate at the alternative-to- suspension site will be considered suspended
2. Students who have been assigned an out-of-school suspension and do not attend all of the assigned days in the alternative-to-suspension site, those days that they do not attend will be considered suspended

MAKE-UP WORK

For School Board policies regarding the earning of grades and credits for make-up work, related to absences, field trips and suspensions, see policy 6000.1: Student Progression Plan (http://www.broward.k12.fl.us/sbbcpolicies/docs/Policy%206000_1-Student_Progression_Plan_2019-2020.pdf).

TARDINESS

Tardiness is disruptive to the learning environment and can have a negative impact on student achievement. Tardiness may also count toward establishing a pattern of non-attendance that may indicate early signs of truancy. A pattern of non-attendance may be established by an accumulation of tardiness, absences (excused and unexcused), and early sign outs that exceed five (5) school days in a marking period or ten (10) school days in two (2) marking periods.

1. A tardy is excused for the same reasons that an absence is excused. Excused absences/tardiness include: illness, illness of an immediate family member, death in the family, religious holidays of the student's faith, required court appearance or subpoena by a law enforcement agency, special event, scheduled doctor or dentist appointment, or communicable disease. In extenuating circumstances, principals and/or their designee may also excuse a tardy for reasons other than those stated if documentation is provided. Parents must follow the same process to excuse a tardy as they do to excuse an absence
2. Tardiness is defined as a student not being in the classroom when classes are scheduled to begin. A student who has an excused tardy (note or telephone call) should report directly to class after first checking in at the designated check-in area of the school
3. Excessive tardiness will be addressed on a case-by-case basis to determine if there is a pattern of non-attendance
4. Tardiness to any class without documentation may be considered unexcused

EARLY SIGN OUTS

When students are signed out early on an ongoing basis, their academic performance may be negatively impacted. The school system strongly encourages parents to ensure their student is in school for the full school day every day. Signing out early may count toward establishing a pattern of non-attendance that may indicate early signs of truancy. A pattern of non-attendance may be established by an accumulation of tardiness, absences (excused and unexcused), and early sign outs that exceeds five (5) days in a marking period or ten (10) days in two (2) marking periods.

1. All schools will establish procedures for early release that ensure that all students are treated consistently
2. Students shall not be released within the final 30 minutes of the school day unless the principal/designee determines that it is an emergency, or the student has a medical/dental appointment that cannot be reasonably scheduled at another time
3. Excessive early sign outs will be addressed on a case-by-case basis to determine if there is a pattern of non-attendance

All SESIR level incidents shall be addressed by school-based administrators only. Per Rule 6A-1.0017, each public-school principal, including charter school principals or equivalent, must ensure that all persons at the school responsible for SESIR information participate in the training set forth in subsection (10) of this rule and must ensure that SESIR data is accurately and timely reported. "Possession" is defined as "within arm's reach," even if the electronic device is not visible. For example, students [shall] not have cellular phones in their pockets, clipped to their belts, at their desks, or anywhere they can be easily accessed during testing"
- Schools will direct students on the appropriate storage of electronic devices during testing

BROWARD COUNTY PUBLIC SCHOOLS SOCIAL MEDIA USE GUIDELINES

Broward County Public Schools (BCPS) realizes that part of 21st century learning is adapting to the changing methods of communication. The importance of teachers, students and parents engaging, collaborating, learning, and sharing in these digital environments is a part of 21st century learning. As such, educational standards are now requiring the use of online educational tools to demonstrate proficiency. To address related issues, BCPS has developed the following guidelines to provide direction for employees, students and the school district community when using or accessing BCPS tools, networks, online supports and resources to engage in social media activities.

Social Media refers to the use of web-based and mobile technologies that enable all Broward County Public Schools' internal and external stakeholders to connect, collaborate, and form virtual communities via the computer and/or Internet. For some, social media is used mainly for social purposes, but for others, these sites and technologies are used as tools to teach and to connect with the community.

The First Amendment, in general, protects the rights of individuals to participate in social media. However, the laws and courts have ruled that schools can discipline students and staff if their speech, including online postings, disrupts school operations or constitutes a violation of federal or state laws or School Board policies. The BCPS social media guidelines allow employees to participate in online social activities. However, when participating it is important to create an atmosphere of trust and individual accountability; keeping in mind that information produced by BCPS staff and students is a reflection on the entire district and is subject to the District's School and District Technology Usage (Policy 5306), Acceptable Use Policy (AUP), Federal and State Statutes, Educator Code of Ethics and the Principles of Professional Conduct for the Education Profession in Florida, and other related applicable policies and guidelines.

By utilizing social media staff, students and parents agree to abide by these guidelines. Please read them carefully before using, posting, or commenting on any social media sites. It is important to remember that parents and guardians play a critical role in supporting and reinforcing these objectives.

GENERAL ETIQUETTE FOR SOCIAL MEDIA

- **Be Honest/Truthful:** Always be transparent about who you are and who you represent. How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity
- **Maintain confidentiality:** Do not post any confidential or proprietary information regarding yourself and/or others
- **Students can reveal some information about themselves (ethnicity, political beliefs, stance on issues, interests) but should not offer any confidential information (place of residence, phone number, discretely identifiable information, common 'hang-out' locations)**
- **Know You Are Always "On":** You must assume that your social media usage is visible to the world. Be sure to manage what and with whom you are sharing. Keep in mind that while we all have occasional frustrations, social media are not the best venues in which to air frustration as those comments are available to everyone
- **Be Respectful:** Avoid remarks that are off topic or offensive. Always demonstrate respect for others' points of view, even when they're not offering the same in return. Never bully, pick fights, and do not respond to abusive comments. If you are sharing a negative experience, please try

to do so in a constructive way

- Think Ahead: Be smart about protecting yourself, your privacy and the privacy of others, and confidential or personal information. What you publish is widely accessible and will be around for a long time so consider the content and consequences carefully. Show good judgment as future employment and/or academic opportunities may be adversely affected by your comments
- The Internet is not anonymous, nor does it forget: Everything written on the Web can be easily traced back to its author. Information is backed up often and repeatedly, and posts in one forum are usually replicated in others through trackbacks and reposts or references
- Avoid “hazardous” materials: Do not post or link to any materials that are inflammatory, defamatory, harassing or indecent
- Your online behavior should reflect honesty, respect, and consideration
- When bringing your own technology to work make sure that you follow the guidelines set out in the BCPS Personally Owned Device Guidelines

FACULTY AND STAFF GUIDELINES

- Personal information of the employees and other individuals associated with the services that we are delivering to our students and staff must not be shared on or disclosed through social media. When contributing online, do not post confidential student or employee information. No last names, school names, addresses or phone numbers should appear on social media sites. No student identifiable information, as defined in FERPA, can be posted on social media sites
- As part of Policy 5306, faculty and staff are prohibited from using student photographs on personal social media sites, and can only use them on District approved social media sites in accordance with Board policies and applicable laws
- BCPS employees are personally responsible for the content they publish online. Be mindful that what you publish could be public indefinitely and may be subject to Florida Statutes including the Florida Public Records Law and the Educator Code of Ethics and the Principles of Professional Conduct for the Education Profession in Florida. Failure to adhere to these principles and guidelines will be subject to disciplinary action
- It is recommended that BCPS employees include disclaimers within their personal social media sites that the views posted are their own and not those of BCPS
- Teachers should monitor content contributed by students to school sponsored social media and must contact the Legal Department if and when First Amendment issues arise
- Teachers should communicate with parents regarding involvement of their child in any project using online social media sites, applications and services, i.e., blogs, wikis, podcast, etc.
- Remember that school sponsored social media sites are an extension of your classroom and workplace. What is inappropriate in your classroom or workplace will be deemed inappropriate online
- Respect the intellectual property of others, copyright laws, and fair use guidelines. Be sure not to plagiarize and be sure to give credit where it is due
- When uploading digital pictures or avatars in school sponsored social media that represent yourself, make sure you select a school appropriate image. Also, remember not to utilize images protected by law
- All postings on social media that are created as part of the official business of BCPS are subject to the Florida Records Retention Schedules and must be retained for the applicable period of time

STUDENT GUIDELINES

- Be aware of what you post online. Social media venues including wikis, blogs, photo and video sharing sites are very public. What you contribute leaves a digital footprint for all to see. Do not post anything you wouldn't want friends, enemies, parents, teachers, or a future employer to see

- Follow the school's code of conduct when writing online. It is acceptable to disagree with someone else's opinions, however, do it in a respectful way. Make sure that criticism is constructive and not hurtful. What is inappropriate in the classroom will be inappropriate online
- Be safe online. Never give out personal information, including, but not limited to, last names, phone numbers, addresses, exact birthdates, and pictures. Do not share your password with anyone besides your teachers and parents
- Linking to other websites to support your thoughts and ideas is recommended when appropriate. However, be sure to read the entire article prior to linking to ensure that all information is appropriate for a school setting
- Do your own work! Do not use other people's intellectual property without their permission. It is a violation of copyright law to copy and paste other's thoughts, images, designs, etc. When paraphrasing another's idea(s) be sure to cite your source with the URL. It is good practice to hyperlink to your sources
- Be aware that pictures may also be protected under copyright laws. Verify that you have permission to use the image or that it is under Creative Commons' attribution
- How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity. Blog and wiki posts should be well written. Follow writing conventions including proper grammar, capitalization, and punctuation. If you edit someone else's work be sure it is in the spirit of improving the writing
- If you run across inappropriate material that makes you feel uncomfortable, or is not respectful, tell your teacher right away
- Students who do not abide by these guidelines may lose their opportunity to take part in the project and/or access to future use of BCPS online tools. In addition, disciplinary or legal action may apply

PARENT GUIDELINES

- Parents should expect communication from teachers regarding their child's involvement in any project using online social media applications, i.e., blogs, wikis, podcast, etc.
- Parents will not attempt to destroy or harm any information online. Instead they will report objectionable material to a school administrator
- Parents will not use classroom social media sites for any illegal activity, including violation of data privacy laws
- Parents are highly encouraged to be aware of their child's electronic communications and participation in social media projects
- Parent participation is encouraged to help ensure that student involvement in social media networking is appropriate and that the privacy concerns are protected

4. Requirements are subject to the principal’s appeal based on extreme circumstances. A copy of the principal’s appeal must be filed with the County Athletic Department

HIGH SCHOOL ELIGIBILITY (Based on an 18-week semester regardless of class scheduling format, i.e., block and rotator)

A student not currently suspended from interscholastic or intra-scholastic extracurricular activities or suspended or expelled from school pursuant to SB Policy, including F.S. §1006.07, 1006.08 and 1006.09, is eligible to participate in interscholastic and intrascholastic extracurricular activities.

A student shall be immediately eligible in the school in which he or she first enrolls each school year, the school in which the student makes himself or herself a candidate for an athletic team by engaging in practice before enrolling or the school to which the student has transferred in accordance with F.S. §1006.20(2)(a)

2. A student may not participate in a sport if the student participated in that same sport at another school during that school year, unless the student meets the criteria in F.S. §1006.15(3)(h) and SB Policy 5004.1(III)(A)

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) NOTICE

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the accuracy and privacy of students' education records.

FERPA, F.S. §1002.22, F.S. §1002.221 and SB Policy 5100.1 (*Student Records: Confidentiality and Family Educational Rights*) afford parents, guardians or eligible students (students over 18 years of age or attending a postsecondary institution) certain rights with respect to the student's education records maintained by the District. These rights are:

1. ***The right to inspect and review a student's education records within 30 days of the day the District receives a request for access.*** Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. When the education records contain information about more than one student, parents may review the information related only to his or her child. E-mails not maintained in a student's file folders kept by the schools or District departments are not educational records. In addition, records created and maintained solely by Special Investigative Unit (SIU) are not education records.
2. ***The right to request the amendment of a student's education records.*** Parents or eligible students may ask The School Board of Broward County, Florida (SBBC) to amend a record that they believe is inaccurate, misleading, or in violation of the student's privacy rights. They should write the school principal, clearly identify the part of the record they want changed and specify the reasons for the request. If the District decides not to amend the record as

requested, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing within a reasonable period of time regarding the request for amendment. Additional information regarding the hearing procedures will be provided when the parent or eligible student is notified of the right to a hearing.

3. ***The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.*** FERPA permits disclosure without consent in many situations, including:
- to SBBC school officials¹ with a legitimate educational interest²,
 - to contracted outside agencies and organizations, whose personnel perform their duties in a "school official" role and who are prohibited from re-disclosing personally identifiable information from education records, except as required or permitted by law,
 - to school officials of other institutions for the purposes of student transfer or student enrollment,
 - to authorized federal, state, and local officials, including educational authorities, and for audits or evaluations of federal and state supported programs,
 - to comply with judicial orders or lawfully issued subpoenas; the parent/guardians/majority age student will be notified in advance of SBBC's intent to comply in ten (10) days so the parent or majority age student may seek protective action, except where the law prohibits or does not require said notification,
 - to appropriate parties in connection with a health or safety emergency, and,
 - to an agency caseworker or representative of a state or local child welfare agency, or tribal organization, when the agency is legally responsible for the care and protection of the student.

For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys and will be provided an opportunity to opt their child out of such activities and surveys and to review any pertinent surveys.

Those who believe their rights have been violated may file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202. HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) NOTICE

THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA'S NOTICE OF PRIVACY PRACTICES RELATED TO STUDENTS & FAMILY MEDICAL/MENTAL HEALTH RECORDS PROTECTED BY HIPAA

This notice describes how medical information about you and/or your child may be used and disclosed and how you can get access to this information.

PLEASE REVIEW IT CAREFULLY
Effective Date of Notice: TBD

THE SCHOOL BOARD OF BROWARD COUNTY (SBBC) DUTIES UNDER HIPAA

All medical and health records are protected by Florida Statute, the Family Educational Rights and Privacy Act (FERPA) or HIPAA depending on who the health care provider is who created the records and who is in possession of the records. Copies of medical records or health-related records submitted to schools (for example, by physicians) become education records (protected by FERPA) when they are in possession of the school.

HIPAA, a Federal law, requires entities covered by this law, including school districts in some limited situations, to maintain the privacy of all mental and physical health records. These records are referred to as "protected health information" (PHI).

HOW THE SCHOOL DISTRICT USES AND SHARES YOUR AND YOUR CHILD'S PROTECTED HEALTH INFORMATION

PHI includes demographic and medical information about the past, present, or future physical or mental health of an individual. Demographic information may include your and your child's name, address, telephone number, Social Security number, and any other means of identifying you and/or your child as a specific person.

If a school or District department conducts any transactions electronically in connection with health care (for example, Medicaid billing), the information transmitted is covered by HIPAA.

Your or your child's PHI may be used or shared by the school district for purposes of medical and/or mental health treatment payment for services, and health care operations. (Health care operations are activities compatible and directly related to treatment and payment, including day-to-day office business, administrative, and customer service activities.) Health care professionals may use this information in the clinics, schools, and/or hospitals to take care of you or your child.

It is important for you to be aware that this law allows the school district to share your and your child's PHI without your consent under the following circumstances:

- To another health care provider for purposes of your or your child's treatment
- To insurance companies, Medicaid, or local, state, or federal agencies to pay for the services provided to you or your child

- To report abuse of children, adults, or disabled persons
- For investigations related to a missing child and/or child abuse investigations
- For internal investigations and audits by the school district or any grant funding body
- For investigations and audits by the State's Inspector General, Department of Education, or Auditor General
- For public health purposes including vital statistics, disease reporting, and regulation of health professionals
- For medical examiner investigations
- For research approved by the school district
- To respond to court orders and/or subpoenas (SBBC will make reasonable efforts to provide notice to you for an opportunity to seek a protective order)
- For judicial and administrative proceedings
- When and as required by law. Restrictions by the most protective law (whether state or federal) will be met

Unless specified above, the school district will not share your and/or your child's PHI unless you provide written authorization. This authorization will have an expiration date. Additionally, you may revoke the authorization in writing at any time. Certain uses and sharing of psychotherapy (counseling) notes may also require your written authorization, except when required by a subpoena or court order. Uses and disclosures of PHI for marketing purposes as well as disclosures that constitute a sale of PHI require written authorization.

INDIVIDUAL RIGHTS

You have the right to request the school district to restrict the use and with whom your and/or your child's PHI may be shared. You have the right to request restrictions or limitations on the PHI used and disclosed for treatment, payment or health care operations. You also have the right to request a limit on the PHI the school district Plan discloses to someone involved in your care or the payment of your care, like a family member or friend. To request a restriction, you must make your request in writing to the department providing the service, or you may send the request to the SBBC Privacy Officer at 600 S.E. 3rd Avenue, 11th Floor, Fort Lauderdale, FL 33301. In your request, you must tell us (1) what information you want to limit; (2) whether you want to limit our use, disclosure, or both; and (3) to whom you want the limits to apply. The school district will consider any of your requests but is not required to agree to them.

You have the right to request confidential communications. The school district may mail or call you with appointment reminders or regarding your responsibility to pay for services. We will make contact with you in the manner and at the address or telephone number you select. You may provide an address other than your residence where you can receive mail and where you may be contacted. You will be asked to put your contact information in writing.

You have the right to review and receive a copy of your PHI, except as limited by law. Your review of the PHI will be supervised and will be at a time and place that is convenient to you and a representative of the school district. You may be denied access as specified by law. This might occur if your child consented to care and the parent's consent was not required by law or if your child is receiving care at the direction of a court or a person appointed by the court. If access is denied, you have the right to request a review by a licensed health care professional who is not involved in the decision to deny access. The licensed health care professional will be designated by the school district. If you request a copy, you may be charged a reasonable fee. We will provide you access to the PHI in the form and format requested by you if it is readily producible in such form and format,

or if not, in a readable hard copy form. We will provide access (review and/or copy) requested within 30 days or notify you of a one-time 30-day extension, if necessary, and the reason for the extension and the date by which the information will be provided.

You have the right to correct your and/or your child's PHI. Your request to correct your or your child's PHI must be in writing and provide a reason to support your requested correction. If your correction is accepted, the school district will make the correction and tell you and others who need to know about the correction. The school district may deny your request, in whole or part, if it finds the PHI:

- Was not created by the school district
- Does not qualify as PHI
- Is by law not available for your review
- Is accurate and complete

If your request is denied, the school district will place your request for corrections with your PHI. You may also send a letter detailing the reason you disagree with the decision. The school district will respond to your letter in writing. You may also file a complaint, as described below in the section entitled Complaints.

You have the right to receive a list of the individuals and/or agencies with which the school district has shared your PHI. All requests for this list (also known as an accounting of disclosures) must state a time period that may not include a date earlier than six (6) years prior to the date of the request. The first list you request within a 12-month period will be provided free of charge. For additional lists, we may charge you for the costs of providing the list. The list will **not** include:

- Information shared to carry out treatment, payment, or health care operations
- Information shared with you
- Information incidental to otherwise permitted or required disclosures, pursuant to applicable regulations
- Information you authorized to be shared
- Information shared with individuals involved with your care
- Information disclosed for national security or intelligence purposes
- Information disclosed to correctional institutions or law enforcement officials when the disclosure was permitted without authorization
- Information in a limited data set (which is PHI that excludes certain direct identifiers, such as name, address, social security number, etc.)

You have the right to be notified of a breach. If a breach of your unsecured PHI occurs, meaning your private information was disclosed without the required authorization, you have a right to be notified.

You have a right to a paper copy of this notice upon request. To obtain a paper copy, contact the school or District department providing the service.

This notice tells you how your and your child's PHI may be used and how the school district keeps this information private and confidential. The school district has always kept this information confidential; this notice simply explains the school district's legal responsibilities, with regard to PHI.

The law requires the school district to give this Notice of Privacy Practices to you. The school district is required to do what the notice currently in effect says it will do. SBBC is required to provide you

with notice of its legal duties and privacy practices with respect to PHI, and to notify affected individuals following a breach of unsecured PHI. SBBC reserves the right to change the terms of this notice and to make the new provisions effective for all PHI that it maintains. If the school district changes how it handles your or your child's PHI records, you will be informed. The most current notice will be posted on the SBBC website, <https://www.browardschools.com/Page/36133>.

When students do not follow the rules and expectations outlined in this *Code of Student Conduct* policy, one or more of the following actions may be taken until the problem is resolved.

POSSIBLE INTERVENTIONS AND/OR CONSEQUENCES OF MISBEHAVIOR

The District will make every reasonable effort to correct student misbehavior through school-based resources at the lowest possible level, and to support students in learning the skills necessary to enhance a positive school environment and avoid negative behavior. The vast majority of disciplinary issues should be addressed at the classroom level by teachers. Additionally, students exhibiting serious or chronic behavior issues will be referred to the school's Collaborative Problem-Solving Team (CPST) for the development of multi-tiered interventions to address targeted behavior problems. Pursuant to F.S. §1006.07(7), referral to mental health services shall be in consultation with the threat assessment team.

In all instances, school discipline should be reasonable, timely, fair, age-appropriate, and should match the severity of the student's misbehavior. Any disciplinary or prosecutorial action taken against

a student who violates this policy must be based on particular circumstances of the student's misconduct.

It will not be necessary to use each consequence or to use consequences in the order listed below. However, as provided in the *Discipline Matrix*, certain rule violations do require specific consequences. CONSEQUENCES OF SERIOUS MISBEHAVIOR LEADING TO SUSPENSION AND/OR EXPULSION

SECTIONS II-V OF SB POLICY 5006: DISCIPLINE POLICY SUSPENSION AND/OR EXPULSION

The Code also includes provisions for action that **MUST** be taken if there are serious problems involving weapons, drugs (including alcohol), mood-altering substances, steroids, and criminal acts. Specific action, outlined in SB Policy 5006, will be taken as a result of these violations. However, if the principal determines that the student used an instrument or object in self-defense, the student may not be suspended or expelled.

Self-defense is an attempt to “prevent” an attack or a threatened injury or to stop the process of confrontation. It is not self-defense when the student uses an instrument/object to become an aggressor or to continue the confrontation after the original aggressor has retreated.

Note: F.S. §776.012, 776.013 and 776.032, commonly known as the Florida Stand Your Ground law, are not applicable to charges of violations of the Code of Student Conduct and/or Board Policy 5006.

In accordance with F.S. §§1001.32(2) and 120.52(16), District school boards have the authority to exercise any power except as expressly prohibited by the state constitution or general law to develop, implement, interpret, or prescribe law or policy or describe the procedure or practice requirements of such rule.

SB Policy 5006 outlines all the violations that result in out-of-school suspension and expulsion and/or the consequences. You may view the complete suspension/expulsion policy and all School Board policies on the Web at <http://www.broward.k12.fl.us/sbbcpolicies>.

All violations under SB Policy 5006 will involve the following steps:

- Principal involvement
- Immediate parent contact
- Suspension from school grounds, all classes, and all school activities
- Referral to Special Investigative Unit and police, as specified in Policy 5006, Section VI.

OUT-OF-SCHOOL SUSPENSION

When, by the *school's administration*, a student is removed from school and school-related activities on or off school grounds.

EXPULSION

When, by action of the *School Board*, a student is removed from school and school-related activities on or off school grounds.

ZERO TOLERANCE

Pursuant to F.S. §1006.13, District school boards shall promote a safe and supportive learning environment in schools by protecting students and staff from conduct that poses a threat to school safety. All incidents of threat shall be taken seriously and will be evaluated by a threat assessment team in accordance with School Board Policy 4380: Behavioral Threat Assessment. A threat assessment team may use alternatives to expulsion or referral to law enforcement agencies to address disruptive behavior through restitution, civil citation, teen court, neighborhood restorative justice, or similar programs. Zero-tolerance policies may not be rigorously applied to petty acts of misconduct. Zero-tolerance policies must apply equally to all students regardless of their economic status, race, or disability.

The threat assessment team shall consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act, which would pose a threat to school safety. Refer to Policy: Behavioral Threat Assessment (BTA) for more information related to threats.

The District shall enter into agreements with the county sheriff's office and local police department specifying guidelines for ensuring that acts that pose a threat to school safety, whether committed by a student or adult, are reported to a law enforcement agency. The agreements must include the role of school resource officers, if applicable, in handling reported incidents and a procedure requiring school personnel to consult with school resource officers concerning appropriate delinquent acts and crimes.

The school principal shall notify all school personnel as to their responsibilities regarding incident reporting, that acts which pose a threat to school safety and crimes are properly reported to the school principal/designee, and that the disposition of the incident is properly documented.

Notwithstanding, any student who is attending a public school and is adjudicated guilty of or delinquent for, or is found to have committed, regardless of whether adjudication is withheld, or pleads guilty or nolo contendere to, a felony violation of as defined by F.S. §1006.13(6)(a) and, before or at the time of such adjudication, withholding of adjudication, or plea, the offender was attending a school attended by the victim or a sibling of the victim of the offense, the Department of Juvenile Justice shall notify the appropriate district school board of the adjudication or plea, the requirements in this paragraph, and whether the offender is prohibited from attending that school or riding on a school bus whenever the victim or a sibling of the victim is attending the same school or riding on the same school bus, except as provided pursuant to a written disposition order under F.S. §985.455(2). Upon receipt of such notice, the district school board shall take appropriate action.

PREVENTING RECIDIVISM through OPPORTUNITIES, MENTORING, INTERVENTIONS, SUPPORTS and EDUCATION (PROMISE)

PROMISE is a school-based prearrest/diversion program designed to correct student behavior that violate this policy or Policy 5006: Suspension and Expulsion through a comprehensive set of supports

and education. PROMISE is designed to address eligible policy violations that may rise to the level of entrance into the delinquency system.

PROMISE is a mandatory program assignment for eligible students of at least 11 years of age and/or enrolled in a District 6-12 school program. PROMISE incidents for said students shall accrue through 12th grade with a maximum of three (3) referral assignments to the program, and participation documented in the Juvenile Information System Prevention Web.

Note:

1. Upon consultation with law enforcement for the eligible incident, if said officer, in his/her sole discretion elects to assign the student to Broward County's Civil Citation/Prearrest program, then the student shall not be required to attend the District's school-based prearrest/diversion program, PROMISE.
2. The PROMISE program is not intended to limit the discretion of law enforcement.
3. A student who has accrued three cumulative incidents from the list below shall be offered additional intervention support through a community youth program, and be referred to the Behavior Intervention Committee, as appropriate.

The list of PROMISE eligible incidents are outlined below.

1. Disruption on Campus-Major
2. Trespassing
3. Alcohol-Use/Possession
4. Alcohol Sale/Attempted Sale
5. Drug-Use/Possession
6. Drug Paraphernalia
7. Fighting-Mutual Combat
8. Larceny/Theft-Petty <\$750
9. Vandalism/Damage to Property <\$1,000

Although Policy 5006: Suspension and Expulsion specifically outlines consequences for drug/substance offenses by incident (i.e. first, second, third offense, etc.) the continuum of consequences for all PROMISE incidents are referenced in the Discipline Matrix (Policy 5.8: Code of Student Conduct –Appendix A).

For PROMISE eligible incidents/violations: if the parent/student refuses the PROMISE program assignment as outlined in policy, then the student shall be referred to the Juvenile Justice System of Care.

When a parent/student fails to fulfill the requirements of the District's prearrest/diversion program, the student shall be referred to the State Attorney's Office.

MEDICATIONS: USE, POSSESSION, SALE, AND/OR TRANSMITTAL LEADING TO SUSPENSION AND POSSIBLE EXPULSION

For incidents within this category, accruals occur by school level (Grades K-2, 3-5, 6-8 and 9-12).

School Board Policy 6305 (Administration of Medications/Treatments), provides the guidelines for the administration of medication and/or treatment for students receiving prescription and over-the-counter (OTC) medication.

Prescription medication/treatment and over-the-counter medication require an Authorization for Medication/Treatment Form. The healthcare provider and parent/guardian must complete this form.

Students with special health conditions, e.g., asthma, diabetes and hypersensitivity, regardless of grade, may carry medication on self, only if approved by their physician and noted on the Authorization for Medication/Treatment Form.

RIGHT TO APPEAL UNFAIR PENALTIES GRIEVANCE PROCEDURES for DISCRIMINATION, BULLYING and/or HARASSMENT OFFENSES, including SECTION 504 DISCRIMINATION

RIGHT TO AN APPEAL

There may be times when students believe they have been unfairly penalized. Most problems can

be solved if students speak with the teacher or staff member who was involved. If students feel uncomfortable with this person, they may request a conference with the next level of authority. Students may also request the presence of a third party, such as a counselor, assistant principal, other staff person, translator, interpreter, or attorney. Parent(s) also have the right to be included.

If talking things over does not solve the problem, the following steps may be taken:

1. A written statement must be presented by the parent(s)/student to the principal within five (5) school days from the last notification/communication regarding the disciplinary consequence or incident. The statement must tell what happened, when it happened, who was involved, and how the parent/student would like the problem resolved. A copy of the statement must be filed and maintained as an educational record. The principal or the administrator with the most knowledge of the incident has 5 school days to respond in writing.
2. If the problem still has not been resolved within five (5) school days from receipt of the school's written response, the parent(s)/student may request in writing, an appointment with the Director/designee of the Office of Service Quality. The letter asking for the appointment must include a copy of the first written statement and the school's response, if one was received.

In the case of Charter Schools: If the problem has not been resolved within five (5) school days from receipt of the school's written response, the charter school parent(s) student may request, in writing, a meeting with the Governing Board.

Items 3-5 below do not apply to Charter School students.

3. Upon receipt of such request, the Director/designee of the Office of Service Quality will schedule a meeting within five (5) school days with the District student and his or her parent. This meeting will include the person(s) involved in the appeal process, the principal, the District student, the parent(s) and any representative selected by the parent. Attorneys may attend as representatives of either the District parent(s)/student and/or the school. The Director/designee of the Office of Service Quality has five (5) school days after the date of the meeting to send a written response to the District parent(s)/student
4. If the District parent(s)/student are still not satisfied, they may take the problem to the Superintendent's Office/designee following the above procedures.
5. The Superintendent/designee will schedule another meeting to attempt to resolve the matter. After the date of this meeting, the Superintendent/designee has five (5) school days to send a written response. The decision of the Superintendent/designee shall be final for the appeal of any penalty that is less than ten (10) day suspension. For suspension appeals of (10) days, the District parent(s)/student have the right of appeal to the School Board by submitting a request to the Superintendent's Office.
6. A student shall serve his or her suspension during the pendency of any appeals. If the student is successful in his or her appeal, the student's record shall be corrected to remove all indications of the suspension, and the absences shall be reflected as "excused," for the period in question. Refer to page 8, regarding make-up work.

REPORTING SECTION 504 DISCRIMINATION

The steps below have been developed to comply with the law for resolution of individual complaints under Section 504/ADA. Persons aggrieved by District school actions are not required by law to exhaust the District's grievance procedures before filing a complaint at the federal or state level.

The following steps should be followed if resolution on Section 504/ADA issues through informal discussion with appropriate District school personnel is not achieved. All meetings, discussions, etc., should be documented. Appropriate District school personnel could include teachers, the Section 504 liaison, counselors, school administrator, etc.

1. If informal discussions do not resolve the issue, the parent/guardian or the District student may obtain a Grievance Filing Form from the principal. The completed form should be submitted to the District school principal within fifteen (15) school days.
2. Within fifteen (15) school days of receipt of the written grievance, the District school principal shall provide the grievant with a Grievance Resolution Notice that upholds, modifies, or denies the resolution sought.
3. If the parent/guardian or the District student is not satisfied with the response issued in Step 2, he/she may file a complaint with the Director of Benefits and EEO Compliance in the Department of Equal Educational Opportunities at 754-321- 2150, who will inform the parent/student of his or her rights under Section 504/ADA, including an impartial hearing pursuant to federal and state regulations. Administrative Discipline Matrix
(SY 2021-2022 through 2023-2024)**

NOTE: The Discipline Matrix sets forth the guidelines for assessing consequences for violations of School Board policies. School principals have the discretion to deviate from these guidelines by assessing an appropriate consequence other than stated in the Matrix if he or she determines in his or her sole discretion that there are mitigating or aggravating circumstances. Principals may deviate by one level when applying consequences per the Discipline Matrix, with the exception of incidents associated with drugs/substances and those with progressive discipline that rise to a recommendation for expulsion or recommendation for behavior intervention via the Expulsion Abeyance Office as reflected on the discipline matrix.

Per F.S. § 1006.04 and F.S. § 1006.07(7), referrals to mental health services shall be in consultation with the threat assessment team.

Per F.S. § 1006.13, the threat assessment team shall consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act, which would pose a threat to school safety. Refer to Policy 4380: Behavioral Threat Assessment for more information related to threats.

Note: A threat assessment team may use alternatives to expulsion or referral to law enforcement agencies unless the use of such alternatives will pose a threat to school safety.

PROMISE is a school-based prearrest/diversion program, which is eligible to students of at least 11 years of age and/or enrolled in a District 6-12 school program. PROMISE incidents for said students shall accrue through 12th grade with a maximum of three (3) referral assignments to the program, and participation documented in the Juvenile Justice Information System Prevention Web.

A Recommendation for the Behavior Intervention Program via the Expulsion Abeyance Office applies when elementary level student (Grades K-5) commits an offense for which a secondary student would receive a mandatory expulsion under School Board Policy 5006.

All SESIR level incidents shall be addressed by school-based administrators only. Incidents accrue by school level (Grades K-2, 3-5, 6-8 and 9-12), unless policy provides additional specificity. School Environmental Safety Incident Reporting (SESIR) guidelines require reporting to the Florida Department of Education.

Note: It is prohibited to issue an alternative to external suspension (AES) or an out of school suspension (OSS) in lieu of an in-school suspension (ISS) when the Discipline Matrix prescribes such an action.

Administrative Discipline Matrix
(SY 2021-2022 through 2023-2024)**

NOTE: The Discipline Matrix sets forth the guidelines for assessing consequences for violations of School Board policies. School principals have the discretion to deviate from these guidelines by assessing an appropriate consequence other than stated in the Matrix if he or she determines in his or her sole discretion that there are mitigating or aggravating circumstances. Principals may deviate by one level when applying consequences per the Discipline Matrix with the exception of incidents associated with drugs/substances and those with progressive discipline that rise to a recommendation for expulsion or recommendation for behavior intervention via the Expulsion Abeyance Office as reflected on the discipline matrix.

Per F.S. § 1006.04 and F.S. § 1006.07(7), referrals to mental health services shall be in consultation with the threat assessment team.

Per F.S. § 1006.13, the threat assessment team shall consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act, which would pose a threat to school safety. Refer to Policy 4380: Behavioral Threat Assessment for more information related to threats.

Note: A threat assessment team may use alternatives to expulsion or referral to law enforcement agencies unless the use of such alternatives will pose a threat to school safety.

PROMISE is a school-based prearrest/diversion program, which is eligible to students of at least 11 years of age and/or enrolled in a District 6-12 school program. PROMISE incidents for said students shall accrue through 12th grade with a maximum of three (3) referral assignments to the program, and participation documented in the Juvenile Justice Information System Prevention Web.

A Recommendation for the Behavior Intervention Program via the Expulsion Abeyance Office applies when elementary level student (Grades K-5) commits an offense for which a secondary student would receive a mandatory expulsion under School Board Policy 5006.

All SESIR level incidents shall be addressed by school-based administrators only. Incidents accrue by school level (Grades K-2, 3-5, 6-8 and 9-12), unless policy provides additional specificity. School Environmental Safety Incident Reporting (SESIR) guidelines require reporting to the Florida Department of Education.

Note: It is prohibited to issue an alternative to external suspension (AES) or an out of school suspension (OSS) in lieu of an in-school suspension (ISS) when the Discipline Matrix prescribes such an action.

Administrative Discipline Matrix
(SY 2021-2022 through 2023-2024)**

NOTE: The Discipline Matrix sets forth the guidelines for assessing consequences for violations of School Board policies. School principals have the discretion to deviate from these guidelines by assessing an appropriate consequence other than stated in the Matrix if he or she determines in his or her sole discretion that there are mitigating or aggravating circumstances. Principals may deviate by one level when applying consequences per the Discipline Matrix, with the exception of incidents associated with drugs/substances and those with progressive discipline that rise to a recommendation for expulsion or recommendation for behavior intervention via the Expulsion Abeyance Office as reflected on the discipline matrix.

Per F.S. §1006.04 and F.S. §1006.07(7), referrals to mental health services shall be in consultation with the threat assessment team.

Per F.S. §1006.13, the threat assessment team shall consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act, which would pose a threat to school safety. Refer to Policy4380: Behavioral Threat Assessment for more information related to threats.

Note: A threat assessment team may use alternatives to expulsion or referral to law enforcement agencies unless the use of such alternatives will pose a threat to school safety.

PROMISE is a school-based prearrest/diversion program, which is eligible to students of at least 11 years of age and/or enrolled in a District 6-12 school program. PROMISE incidents for said students shall accrue through 12th grade with a maximum of three (3) referral assignments to the program, and participation documented in the Juvenile Justice Information System Prevention Web.

A Recommendation for the Behavior Intervention Program via the Expulsion Abeyance Office applies when elementary level student (Grades K-5) commits an offense for which a secondary student would receive a mandatory expulsion under School Board Policy 5006.

All SESIR level incidents shall be addressed by school-based administrators only. Incidents accrue by school level (Grades K-2, 3-5, 6-8 and 9-12), unless policy provides additional specificity. School Environmental Safety Incident Reporting (SESIR) guidelines require reporting to the Florida Department of Education.

Note: It is prohibited to issue an alternative to external suspension (AES) or an out of school suspension (OSS) in lieu of an in-school suspension (ISS) when the Discipline Matrix prescribes such an action.
